### ASK DR. MIZUGUCHI

#### HOW DO YOU MAKE PATIENTS FEEL COMFORTABLE IN YOUR CARE?

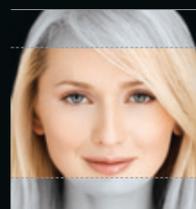

The inviting ambience of Calobrace Plastic Surgery Center was strategically designed to put anxious patients at ease. Equally comforting is the warm bedside manner I exude. Patients say they feel comfortable with me, as my communication style is honest and direct. I may not always tell someone what they want to hear, but I will steer them in a direction that I believe will produce favorable results.

#### WHAT MAKES A RESULT SUCCESSFUL?

Finding the best procedure that meets my patients' expectations. Whether it's a facelift, tummy tuck or Botox® treatment, it's all about creating balance and harmony. I therefore offer a comprehensive menu of both surgical and nonsurgical solutions to combat the signs of aging, as there's no one single procedure that's right for everyone.

### Emphasizing beauty

"I strive for natural and beautiful results based on sound anatomical principles," says Dr. Mizuguchi, who finds that for some of his patients, traditional surgical approaches are inadequate in meeting their expectations. Individualizing treatment is the cornerstone of Dr. Mizuguchi's success in obtaining beautiful results. "Small refinements or modifications to traditional surgery can provide significant improvement of results and satisfaction for my patients." Although the presenting problems may be similar, Dr. Mizuguchi believes that all patients are unique and require an individualized approach. With that mindset, he first seeks to determine his patient's goals and expectations. Next, he will discuss surgical and noninvasive treatment options. "In this stage," says Dr. Mizuguchi, "I will guide you and help you choose what I feel is the best solution. I want this to be a rewarding experience for both you and me."

FRAXEL TREATMENTS

#### HOW CAN I IMPROVE MY LOOKS NONSURGICALLY?

We're seeing an influx of less invasive procedures that offer significant improvements with minimal downtime. With that said, I am very excited about new developments and welcome the Fraxel® SR Laser as the newest addition to my office. It offers a host of beauty benefits, treating fine lines, wrinkles, texture concerns, pigmentation, furrows and more, giving you a smoother, fresher glow with reduced pore size.

# "I can help you look your best at any age"

WHEN DR. NANA MIZUGUCHI, A SOUTHERN CALIFORNIA NATIVE WHO RELOCATED TO KENTUCKY 12 YEARS AGO, JOINED FORCES WITH DR. M. BRADLEY CALOBRACE AT THE LOUISVILLE-BASED CALOBRACE PLASTIC SURGERY CENTER, THEIR SHARED GOALS WERE IMMEDIATELY EVIDENT. "WE BOTH MAKE IT A PRIORITY TO BUILD RELATIONSHIPS WITH OUR PATIENTS," SAYS DR. MIZUGUCHI. "OUR GOAL IS TO OFFER LIFETIME CARE." THE DOCTORS' SHARED GOAL HAS BEEN REALIZED WITH THE RECENT OPENING OF THEIR STATE-OF-THE-ART PLASTIC SURGERY CENTER, WHICH INCLUDES A FULL-SERVICE MEDI-SPA AND OPERATING SUITES.
